FE Validate Company Ltd.

About Us

FE Validate is a leading and integrated Organization that specializes in providing **Source Inspection for fixed and rotating equipments, NDT Services and Quality Surveillance** to meet the evolving needs of the Oil and Gas Industries. With a focus on the Upstream, Midstream and Downstream Segments, our strength lies in our extensive experience, highly qualified Source Inspectors and Team Members along with our unwavering dedication to professionalism, integrity and excellence.

We strive for excellence in every aspect of our work, ensuring that our inspection services meet the highest industry standards. Safety is at the forefront of everything we do. We adhere to stringent safety protocols and maintain a steadfast commitment to creating a safe working environment.

Our source inspection and quality surveillance services are meticulously designed to meet the specific requirements of our clients, enabling them to maintain quality control, and ensure operational efficiency.

FE Validate Company Ltd.

FE Validate - Your Trusted Partner for **Source Inspection** and Quality Surveillance

Vision

Our vision is to be the leading contributors and trusted partners in the Oil and Gas Industry, with a prime focus on the Kingdom of Saudi Arabia. We are driven by a commitment to delivering top-notch unparalleled and professional inspection services that create lasting benefits for our valued customers and the communities we serve.

Mission

We aim to build long-term relationships by understanding our clients' unique needs and providing tailored services that meet and exceed their expectations. We strive to shape the future of Oil and Gas Sector through our innovative and advanced inspection methods, quality and professionalism.
