Objective

To secure a challenging and rewarding position in software development, where I can apply my skills and knowledge to contribute effectively towards the growth of the organization while continuing to learn and develop professionally.

Experience

Flutter Development	A to Z Computers - Bengaluru	June 2024-Till now
allCLEAR - Wholesale buyers of farm produce.		
- Utilized various state management methods to improve the applications performance. - Implemented few features inside the application.		

Education

SRM-Valliammai Enginneering College, chennai - TamilNadu
Bachelors in Computer science and engineering, CGPA - 7.74

July 2019 - May 2023

Projects

Chat Application

Developed a chat application using Flutter that creates a seamless cross-platform experience for both iOS and Android. The application ensures a smooth user experience, provides real-time updates, and enables the transfer of messages between users through seamless chatting.

Technologies Used: Flutter, Dart, Firebase

TODO Application

Developed a cross-platform TODO app using Flutter and Dart. Designed and implemented an intuitive user interface for managing tasks efficiently. Integrated CRUD (Create, Read, Update, Delete) operations to allow users to seamlessly add, view, modify, and delete tasks, providing a comprehensive task management solution.

Technologies Used: Flutter, Dart, Firebase

Grocery Shopping Application

Created a grocery shopping app using Flutter and Dart for both Android and iOS. Developed essential functionalities including product catalog, user authentication.

Technologies Used: Flutter, Dart, Firebase

Skills

Languages : Java, Dart

Framework : Flutter(Bloc, getx, provider)

Others: Git, Firebase, FCM, Sqflite , Rest Api
