OBJECTIVE:

Motivated and detail-oriented professional with a strong foundation in programming and full stack development. Eager to contribute technical expertise and problem-solving skills in a dynamic software development environment, with a focus on delivering efficient and innovative solutions.

TECHNICAL SKILLS:

Core Java:

- Proficient in arithmetic, relational, logical, and bitwise operations.
- Strong in **if-else** and **switch** control structures.
- Skilled in **for**, **while**, and **do-while** loops for iteration.
- Experience in defining and invoking **methods** for modular code.
- Knowledgeable in **object-specific members** and **Constructors**.
- Proficient in **OOPS** concepts like Encapsulation, Inheritance, Polymorphism and Abstraction.
- Skilled in **Object Class**, custom **exceptions**, and error management.
- Familiarity with **Collections Framework** includes List, Set, Map, and their implementations.
- Skilled in **Multithreading** and **Concurrency** (Thread class, Runnable interface, Synchronization).
- Understanding of **File Handling**: Reading and writing files using I/O Streams (FileReader, FileWriter, Buffered Streams).
- Knowledge of **Java 8+ Features**: Lambda Expressions, Streams API, Functional Interfaces.

Web Technology:

- Expertise in writing semantic tags (e.g., **<header>**, **<footer>**, **<article>**, **<section>**).
- Knowledge of advanced HTML5 elements like **<audio>**, **<video>** and **<list>**.

- Proficient in multimedia and linking resources using tags like <a>, , <iframe>.
- Proficient in modern layout techniques like **Flexbox** and **Forms** and **Table**.
- Skilled in adding **transitions**, **animations**, and **hover** effects to enhance user experience.
- Proficient in ES6 syntax, **variables**, **data types**, and **operators**.
- Expertise in **functions**, including **functional programming** concepts.
- Proficient in **variables**, **data types**, **operators**, **loops**, and **conditionals**.
- Skilled in working with **Promises**, **Arrays**, and **Objects** for efficient coding.
- Strong knowledge of **DOM Manipulation**, including selecting and modifying HTML elements, and event handling.

SQL(Structured Query Language):

- Extensive practice in performing **Create**, **Read**, **Update**, and **Delete** operations.
- Strong understanding of **relational database** concepts such as constraints (**primary key**, **foreign key**, **unique**, etc.).
- Proficient in writing efficient **SQL queries** for data manipulation and retrieval.
- Good grasp of concepts like **grouping** (GROUP BY), **functions**, **subqueries**, and **correlated subqueries**.
- Solid knowledge of **inner**, **outer**, **left**, **right**, and **cross joins** for combining tables.
- Familiar with **DDL** (Data Definition), **DML** (Data Manipulation), **DCL** (Data Control), and **TCL** (Transaction Control) commands.
- Hands-on experience with **Oracle database** for real-world applications.

TRAINING:

- Java FullStack Developer Course(In progress @Qspiders).

EDUCATION:

COURSE	INSTITUTION	YEAR OF PASSED OUT	PERCENTILE
B.E (ECE)	SRI SAIRAM ENGINEERING COLLEGE	2024	84.2
XII	ZION MATRIC HR. SEC. SCHOOL	2020	78.5
X	ZION MATRIC HR. SEC. SCHOOL	2018	98

ACADEMIC PROJECT:

Title: Design of RF harvesting system for energizing low-power devices.

Abstract: This project focuses on the design and development of an RF energy harvesting system aimed at powering low-power electronic devices. The system captures ambient radio frequency(RF) signals and converts them into usable electrical energy, for powering IoT devices, sensors, and other low-energy electronics.

PERSONAL PROFILE:

Father Name: Balakrishnan K

Date Of Birth: 09-01-2002.

Marital Status: Unmarried.

INTERPERSONAL SKILLS:

- Good communication and Ability to work in multi-functional teams.
- Team player and capable of adapting to the Environment.
- Quick learner and always open to new challenges.

DECLARATION:

I solemnly declare the information furnished above is free from errors to the best of my knowledge and belief.
