WORK EXPERIENCE

Organization	Designation	Duration
InTechHub Solutions, Salem	Junior QA Engineer	May 2023 – Aug 2023
Qualimatrix Technologies, Bangalore	QA Engineer	Sep 2023 - Till date

PROJECTS

CLAIM REVIEW MANAGEMENT SYSTEM

May 2023 – Aug 2023

Organization: InTechHub Solutions

Client: P&R Dental Strategies, USA

Responsibilities:

- As a Junior QA Engineer, I contributed to the development and testing of the Claim Review Management System (CRMS), a dental insurance application.
- Collaborated with the development team to understand project requirements, user stories, and acceptance criteria, ensuring comprehensive test coverage for the CRMS application.
- Executed manual testing procedures to identify and report defects, verifying that the CRMS application adhered to functional and non-functional requirements, user interface guidelines, and industry best practices.
- Developed and executed test cases, test scenarios, and test scripts to ensure the reliability, accuracy, and performance of the CRMS application, contributing to the enhancement of its overall quality.
- Actively participated in daily stand-up meetings, providing valuable inputs and suggestions to the team, contributing to the successful delivery of the CRMS application.

AI SELF DRIVE

Sep 2023 – Apr 2024

Organization: Qualimatrix Technologies

Client : Builder AI, UK

Responsibilities:

- Conducted Functional, Smoke, Sanity, and Regression Testing to ensure the stability and reliability of core features across global and white-label versions.
- Performed API testing using Postman to validate seamless integration with third-party providers for car rentals, accommodations, and activities.
- Executed Compatibility Testing across popular devices, including iOS and Android platforms, to ensure optimal performance.
- Conducted Cross-Browser Testing across major browsers such as Chrome, Firefox, and Edge to ensure consistent functionality.
- Designed and executed detailed test cases aligned with project requirements, ensuring comprehensive test coverage.
- Reported and tracked defects using standardized tools, collaborating closely with developers to ensure prompt resolution and feature enhancements.
- Facilitated effective scrum management in the absence of the Project Manager, ensuring smooth workflow and on-time delivery of project milestones.

Organization: Qualimatrix Technologies

Client : Petzai, LDA, UK

Responsibilities:

- Performed Exploratory, Functional, and Regression Testing to ensure smooth operations of pet services, bookings, and payment flows.
- Conducted Cross-Browser Testing across major browsers such as Chrome, Firefox, and Edge to ensure consistent functionality.
- Executed API testing using Postman for testing the creation and management of pets, establishments, vendor, and customer profiles.
- Developed and maintained test cases to validate core functionalities such as booking, payments, and cancellations.
- Documented defects and collaborated with developers to resolve issues and implement efficient bug fixes.
- Prepared release notes at the end of each sprint, ensuring the timely delivery of features to the client.
