OBJECTIVE

A results-driven Business Analyst with a comprehensive understanding of Agile and Waterfall methodologies, specializing in the full Software Development Life Cycle (SDLC). Experienced in collaborating with cross-functional teams to deliver high-quality solutions and manage projects effectively. Adept at documenting business requirements, coordinating releases, and ensuring seamless communication across technical and non-technical teams. Seeking to leverage strong analytical and project management skills in a dynamic, growth-focused environment.

PROFESSIONAL EXPERIENCE

Business Analyst

Intronsoft LLP | Madurai, Tamil Nadu

July 2023 – September 2024

- Led end-to-end SDLC processes from gathering requirements to business process modeling.
 - Effectively managed projects using Agile and Waterfall methodologies.
 - Facilitated sprint planning, stand-ups, and retrospectives, ensuring consistent project progress.
 - Prepared detailed business and functional requirement documents for development teams.
 - Created user stories, use cases, and process/data flow diagrams to streamline communication with stakeholders.
 - Planned releases, prepared release notes, and coordinated User Acceptance Testing (UAT).
 - Worked closely with QA teams for test case preparation and defect tracking.
 - Acted as the liaison between business, technical, and non-technical teams to ensure seamless communication.
-
