OBJECTIVE

Motivated Full Stack Developer with expertise in Svelte, ReactJS, and front-end development. Passionate about building scalable, responsive, and high-performance applications. Experienced in API integration, MongoDB, Git version control, and collaborating in cross-functional teams.

SKILLS

Programming Languages - JavaScript, TypeScript, Python, SQL, NoSQL

Frameworks - React JS, Redux, Next JS, Svelte, SvelteKit, Node JS, Express JS, Django

Web Technologies – HTML5, CSS3, Sass, Tailwind CSS, APIs

Databases - MongoDB, MySQL, Microsoft SQL Server, SQLite

Tools - VS Code, Git, Docker, Bash, Shell Command, Excel, Power BI

Operating Systems - MS Windows, Linux, Virtual Box, VMWare

Languages - Hindi, Marathi, English, Arabic (*BASIC*)

WORK EXPERIENCE

Thinken Media

Pune, India

Full Stack Developer - Intern

September 2023 - Present

- Designed and implemented responsive UIs with React.js, developing reusable components and collaborating with design teams to ensure high-quality, brand-consistent interfaces using Material-UI and Bootstrap.
- Developed and maintained server-side components with Node.js, Express.js, and MongoDB, ensuring secure data handling and high performance.
- Integrated RESTful APIs, validated user input, and optimized data flow using Postman for seamless client-server communication.
- Optimized web pages for **performance** and **scalability**, ensuring fast load times and responsiveness.
- Participated in **agile processes**, contributing to **sprint planning**, **reviews**, and cross-functional team collaboration to deliver scalable applications.
- Conducted **testing** and **debugging** to maintain high-quality code, ensuring functionality and performance across browsers.
- Managed **version control** using **Git**, adhering to best practices for code quality and team collaboration.

META CraftLab

Pune, India

Full Stack Developer (Svelte) - Intern

June 2024 - July 2024

- Developed and optimized responsive, high-performance front-end components using SvelteKit and Tailwind CSS, adhering to modern web standards and best practices.
- **Collaborated with cross-functional teams** to design and implement dynamic UI elements, focusing on usability and performance for a seamless user experience.
- Integrated real-time data and API endpoints into the front-end, ensuring smooth interaction between the UI and backend systems.
- Worked with Git for version control, following best practices for efficient code management, branching, and collaboration in an agile development environment.
- **Focused on responsive design and accessibility** principles to ensure the application functioned well across various devices and browsers, improving engagement and accessibility for end-users.

EDUCATION

Savitribai Phule Pune University

Pune, India

Bachelor of Business Administration - Computer Application

April 2024
