EXPERIENCE

CONTINEU AI | REACT NATIVE DEVELOPER

July 2024 – Oct 2024 | Bengaluru, Karnataka

- Integrated Insta360 camera functionality into a React Native app, enabling users to record videos and capture images seamlessly.
- Developed responsive mobile interfaces and built custom hooks using React Native and React.js, ensuring consistent user experience across platforms.
- Integrated RESTful APIs to enhance app functionality in Mobile and web apps.
- Developed features for accessing and securely managing external storage of USB-connected devices, optimising data handling processes.

DREAMORBIT PVT LTD | FRONTEND DEVELOPER

April 2022 – July 2024 | Bengaluru, Karnataka

- Developed and maintained reusable component libraries for Web applications.
- Integrated third-party APIs and services, such as authentication, and analytics, to enhance application functionality for Web applications.
- Led the localization effort for the entire Logistics Application ecosystem using i18n in React.
- Implemented state management solutions like Redux and optimized application performance through code refactoring techniques.
- Optimized application performance through code splitting, lazy loading, and efficient component lifecycle management.
- Led the efforts for unit and integration testing, ensuring high code quality with Jest resulting in fewer post-launch bugs.

PROJECTS

Task Trek | FEATURE-RICH, ALL-IN-ONE TODO APP

Oct 2023 – Present | Tech used: React Native, Typescript, Firebase, notify for scheduled push notifications

- **Email Authentication:** Implemented secure email-based authentication using Firebase to ensure user data safety and seamless login experiences.
- **Scheduled Push Notifications:** Integrated Firebase notifications to remind users of important tasks, enhancing productivity and user engagement.
- **Task Categorization:** Designed an intuitive task segregation system (Important, Planned, My Day), enabling efficient organization and prioritization.

Tippify | TIP CALCULATOR WITH BILL-SPLITTING

Oct 2022 – Dec 2022 | Tech used: React Native, Typescript

- **Bill Splitting with Tip Calculation:** Designed an app to calculate tips and split bills, providing transparency and fairness among users.
- **Customizable Tip Amount:** Enabled users to manually enter tip amounts or calculate them automatically, offering flexibility based on preferences.
- **Per-Person Tip Breakdown:** Implemented a detailed breakdown of tips per person, ensuring clarity and accurate cost-sharing

EDUCATION

CMR INSTITUTE OF TECHNOLOGY

BACHELORS OF ENGINEERING IN ELECTRICAL AND ELECTRONICS
Aug 20216 - Aug 2020 | Bengaluru, Karnataka
Cum. GPA: 6.3 / 10.0

SKILLS

PROGRAMMING LANGUAGES

Javascript • Typescript • Python • HTML • CSS

TECHNOLOGIES AND FRAMEWORKS

React.js • React Native • Redux Toolkit • Context API • RESTful APIs • Firebase • Git/GitHub • Postman

REACT-SPECIFIC TOOLS AND LIBRARIES

React Navigation • Axios • React Query • Formik • Jest • i18n • Styled Components • React Hook Form
