CAREER OBJECTIVE

Eager to kick-start my career and contribute by leveraging skills in Artificial Intelligence and Data Science to provide solutions and drive innovation.

EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.Tech.	Rajalakshmi Institute of Technology (Chennai)	8.30 (Current)	2021-Present
Senior Secondary	State Board (Chennai)	92.24%	2021
Secondary	State Board (Chennai)	91.4%	2019

EXPERIENCE

- Daat Studios** Dec 2022 - Apr 2023
Research and Development Intern
Chennai
– Worked on various client projects and in-house products
- ZF Advanced Data Center** Jul 2023 - Oct 2023
Data Analyst Intern
Chennai
– Analyzed and extracted insights from college transport log data, then visualized on a web dashboard
– Developed a mobile application for students and professors
- Chennai Metro Rail Limited** Jul 2024 - Aug 2024
Trainee Intern
Chennai
– Worked on Real Time Project of Passenger Counting in the Metro Train by Computer Vision.
– By using SSD and also it generates a report automatically

PROJECTS

- Project Title : Medicinal Plants Identification** Mar 2024 - Apr 2024
(Tech Used: Machine Learning, TensorFlow, Opencv, Flask, Bootstrap)
– Description: - Trained the model by using plants dataset and Developed image processing software using machine learning to identify medicinal plants.
- Project Title : Food waste management using Computer Vision** Sep 2023 - Jan. 2024
(Tech Used: YOLOv8, TensorFlow, PyTorch, Computer Vision, Image Processing)
– Description: Analyzed data with object detection and estimated food weight by recognition and developed a prediction model. Engaged in collaboration with Capgemini's Vice President throughout the entire project.

SKILLS

- Programming:** Python, HTML, CSS **Framework (Beginner):** Flask,
- Developer Tools and IDEs:** Git, Visual Studio, PyCharm, Jupyter Notebook, Colab, Android Studio
- DataBase Management::** MySQL, Salesforce (Basics)
- Design / Visualization Tools:** Power BI, Tableau, Ms Office, Canva, Figma
- Technologies:** Artificial Intelligence, Machine Learning, Deep Learning, Data Analytics, Web Development

CERTIFICATIONS

- Master in Data Science and Data Analytics.** : UDEMY (06/24)
- Machine Learning Challenge:** MICROSOFT (08/23)

ACHIEVEMENTS

- Intel Unnati Industrial Training,** Selected among top entries - Winner 2023
- L & T Techgium,** Shortlisted for PoC round among multiple entries 2023

RESPONSIBILITIES

- YUVA Club - Rural Chairperson,** Rajalakshmi Institute of Technology
- Mediastic Hub - Poster Designing Head,** Rajalakshmi Institute of Technology

PERSONALITY TRAITS

- Teamwork
- Confidence

LANGUAGE PROFICIENCY

- Tamil (Native)
- English
