

MANOBALA A

WEB & FLUTTER DEVELOPER

Cuddalore, Tamil Nadu - 607102 | Mail : manobalaarul3@gmail.com | Phone : [9500971102](tel:9500971102)
LinkedIn : [@manobalaarul](#) | GitHub : [@manobalaarul](#)

OBJECTIVE

Innovative and results-driven Web & Flutter Developer with extensive experience in full-stack development. Adept at building scalable, high-performance web and mobile applications. Seeking an opportunity to apply my technical expertise in PHP (Laravel), Flutter, and JavaScript to drive technological advancements while fostering continuous professional growth in a dynamic environment

EDUCATION

BCA	Thiruvalluvar University	2023	7.72 CGPA
-----	--------------------------	------	-----------

TECHNICAL SKILLS

Programming Languages

PHP and Laravel Framework, Dart, JavaScript (Node), Java Basics.

Frontend Development

HTML, CSS, Flutter and React Js.

Databases

MySQL, PostgreSQL and MongoDB

Version Control

Git and GitHub.

Cloud Services & Deployment

CPanel, Firebase, AWS (Basic).

Additional Expertise

REST API Development, UI/UX Design, Performance Optimization, Agile Methodologies, CI/CD Implementation

PROFESSIONAL EXPERIENCE

Web Developer & Flutter Developer

Three Baboons Technologies, Cuddalore | March 2023 – January 2025

- Led the development and deployment of scalable, real-time web and mobile applications across domains such as Taxi Booking, Cargo Management, Blogs, Matrimony, CRM, and Billing systems.
- Architected and implemented robust, high-performance solutions optimized for speed, security, and usability.
- Provided end-to-end project lifecycle support, from requirement gathering and system design to development, testing, and deployment.
- Optimized and maintained existing applications, significantly enhancing performance and user experience.
- Managed cloud hosting, server configurations, and deployments using CPanel, ensuring maximum uptime and efficiency.
- Strengthened SEO strategies by implementing keyword research, metadata optimization, and leveraging Google Search Console for enhanced search visibility.

PROJECT EXPERIENCE

1. DropExpress Cargo - dropexpcargo.com

Developed a feature-rich shipment management system with an advanced admin panel for real-time tracking, automation, and reporting.

- Designed and deployed an intuitive, role-based dashboard for seamless shipment monitoring and updates.
- Automated invoice generation, streamlining operations and reducing manual processing time by 30%.
- Integrated advanced authentication mechanisms for secure user access control.

2. E-commerce – [BlinkIt Clone](#)

Developed a comprehensive React.js-based e-commerce platform, inspired by BlinkIt, for an optimized online shopping experience.

- Engineered a highly responsive and user-centric grocery delivery application featuring real-time product listings, cart management, and instant checkout functionality.
- Integrated robust REST APIs for dynamic product retrieval, secure authentication, and seamless payment processing.
- Utilized Redux Toolkit for efficient state management, ensuring real-time updates and superior performance.
- Enhanced system efficiency by implementing API call optimizations and lazy loading techniques.

3. Duty Group – [App Link](#)

Developed a high-performance Flutter-based taxi booking application with real-time booking management and commission tracking.

- Designed a modern, intuitive UI for effortless taxi bookings, including live route and fare estimations.
- Integrated Firebase notifications for instant booking alerts, improving real-time communication between users and drivers.
- Developed a commission management system to automate revenue tracking for agency-managed drivers.
- Optimized app performance to ensure smooth, responsive, and seamless user interactions.

SOFT SKILL

- Problem-Solving & Critical Thinking
- Team Collaboration & Leadership
- Time Management & Multitasking
- Attention to Detail & Creativity
