Professional Summary

Web developer skilled in HTML5, CSS3, JavaScript (ES6+), and React.js. Experienced in creating responsive, user-friendly web applications using modern front-end frameworks. Passionate about Tailwind & Bootstrap design, API integration, and clean coding practices with a focus on performance and maintainability.

Technical Skills

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Bootstrap, Tailwind CSS

Backend: Node.js, Express.js

Database: MongoDB

Tools & Platforms: Git, GitHub, Visual Studio Code

Projects

Agri 360 – Smart Agriculture Platform

Developed a dynamic and feature-rich front-end web application designed to connect farmers directly with consumers to facilitate transparent and fair agricultural trade. Built entirely using **React.js**, focusing on responsive design, modular component structure, and optimized performance. Integrated a **real-time weather API** that provides farmers with instant updates on temperature, humidity, and rainfall, helping them make informed crop management decisions. Designed an **interactive product listing dashboard** for farmers to upload, edit, and display their produce, while consumers can browse, filter, and order products seamlessly. Added a **notification feature** to alert users of weather changes and market price trends. Implemented **React Hooks** for efficient state management and created reusable components for scalability. Enhanced UI/UX through consistent color themes, smooth navigation, and responsiveness using Bootstrap and custom CSS. Focused on accessibility, ensuring usability across mobile, tablet, and desktop devices.

Keylogger Tool for Behavioural Analysis

Developed a Python-based desktop tool to record keyboard and mouse interactions for behavioral research. Used pynput for logging and implemented encryption for data protection. Generated user activity reports to analyze typing patterns and focus levels. Built a GUI with Tkinter to control and export logs easily.

Certifications

- IBM Certificate in JavaScript Essentials – IBM Etrain (2025)
- Certificate in Active Basic IT – NIIT Foundation (2025)
- Certificate in Spoken English Development – NIIT Foundation (2025)

Soft Skills

Time Management • Team Collaboration • Problem Solving • Communication

Education

Bachelor of Computer Applications (BCA) – Dr. MGR Educational and Research Institute, Apr 2025
CGPA: 7.5

HSC (Class 12) – KC Sankaralinga Nadar Hr. Sec. School, 2022 — 56%

SSLC (Class 10) – KC Sankaralinga Nadar Hr. Sec. School, 2020 — 65%
