Address:

34/3A Fathima Layout, Villupuram –
605602

SKILLS

- **Technical Skills:** MERN Stack Development, JavaScript, React JS, SQL
- **Soft Skills:** Problem-solving, Adaptability, Teamwork

Education

- **B.E. Electrical and Electronics Engineering (EEE)**
IFET College of Engineering
2021 - 2024 | **CGPA:** 6.97
- **Diploma in Electrical and Electronics Engineering (D.EEE)**
Elumalai Polytechnic College
2018 - 2021 | **Percentage:** 80%

Career Objective

To become a successful professional in a globally respected company, contributing to its objectives with honesty and fairness while continuously upgrading my knowledge and skills.

Projects

Edge AI-Based Smart Crop Growth Monitoring System

- Developed an innovative system using AI on edge devices such as sensors, drones, and satellites to collect real-time data.
- Enabled optimal irrigation, fertilization, and pest control by integrating precise data analysis, increasing crop yield and resource efficiency.

Temperature-Based Fan Speed Control and Monitoring System

- Regulated fan speed based on temperature variations to ensure optimal cooling and energy efficiency while maintaining a comfortable environment.

Internships

Villupuram Electricity Distribution Circle

- Gained practical insights into electricity distribution and maintenance operations.

Neyveli Lignite Corporation

- Acquired hands-on experience in large-scale power generation and mining operations.

Full Stack Development (Novitech)

- Completed an intensive full-stack development program focusing on MERN stack technologies

Languages

- Tamil (Fluent)
- English (Fluent)

Achievements & Certifications

- Participated in a workshop on **New Energy** at CIT Engineering College.
- Presented a paper on **6G Wireless Communication** at CARE College.
- Certified in **Full Stack Development** training.
